

Bound To Reach The End

RPWL

Beams of light are slashing through the night
Much too late to find our way
It's dark

I can't recall the day before the end was near
Together now to sail away

We're bound to reach the end
A restless life
With endless needs
I'm sure we are what we believe

We're bound to reach the end
The final goal
Within our reach
At last we all unite

Only a few are blessed with fearlessness
Seeking the guidance of their heart
And find love with

All the strength inside they rise into the air
It's not the end, it's a new start
Again

We're bound to reach the end...

So many can't find what they were looking for
Scared of being all alone

Lost in a maze of faulted reason couldn't find their place
No chance to find their way back home

We're bound to reach the end
I lay my hopes
Upon your dreams
We're bound to reach the end
Together now
