

## Fat violent dykes

Rucka Rucka ALI

There's some crazy lesbians  
Full of AIDS and PMS  
Bigger than hot air balloons  
Tryin' to tell me what to do  
All them dykes are pretty large  
Sniffin' on each others farts  
Carpet munching, what it do  
Is this an Asian or a Jew?

Bitches all act like they know what shit's right  
For you  
(It's very important for our society)  
Soon them dumb fat dykes will control the world  
I'm screwed!  
(DAMN!)

Fat violent dykes!  
Always bitchin' all the time  
Always wishin' they were guys  
No one givin' them the cock  
Fat violent dykes!  
Always tryin' to be the boss  
Where's the kitchen, are you lost?  
Heat some food up in a pot  
Fat violent dykes!  
When these bitches gonna die?  
Why you hatin' on the guys?  
You're just mad at all your pops  
Fat violent dykes!  
Put these bitches in the yard  
Let 'em run around and bark  
Get the sand out of your twat  
Bitch, am I right?

You just don't like men  
(Women are smarter than men)  
Bitch, am I right?  
Someone touched you there when you were young...

Trying to respect a bitch  
But you make me slit my wrist  
I'm Black Jesus with a blunt  
You're Fat Hitler with a cunt  
When some bitch is president  
We'll be living in a tent  
Black people are like "Oh well,  
Either way, I'll be in jail!"

There's a dumb fat dyke running every f\*\*kin' school  
It's true  
No one reads and writes but the chinks and kikes and spooks  
(Hey, two out of three ain't bad!)

Fat violent dykes!  
All these bitches playing God  
Tell these bitches get a job  
Better yet, just suck a cock

Fat violent dykes!  
Do some dishes and get f\*\*ked  
I don't wanna hear you talk  
Go beat off into a sock  
Fat violent dykes!  
Why do bitches think they smart?  
They can't even drive a car  
Ever see one try to park?  
Fat violent dykes!  
I don't wanna hold your coat  
Bad enough you get to vote  
Bitch don't touch my credit card  
Bitch, am I right?

You just don't like men  
(We want equal pay in the workplace)  
Bitch, am I right?  
Someone touched you there when you were young  
Bitch, am I right?

Christ!  
Dykes are mad at the world!  
Who striked your vagina when you were a girl?  
You lonely? Wanna blow me?  
You could go get a sandwich fo' me  
Where's Daddy? Is he a raper?  
Is he in jail with your Asian neighbor?  
It's OK, let go your anger  
Here's a tampon and a used coat hanger!

(I cant believe this hate speech is allowed to be on the Internet!  
It's so disrespectful to women!  
We're gonna find this guy and give him sensitivity training!  
You're a sexist fascist!)

(I DON'T REMEMBER ASKING YOU A GOD DAMN THING!!!!)

Always bitchin' all the time  
Always wishin' they were guys  
No one givin' them the cock  
Fat violent dykes!  
Always tryin' to be the boss  
Where's the kitchen, are you lost?  
Heat some food up in a pot  
Fat violent dykes!  
When these bitches gonna die?  
Why you hatin' on the guys?  
You're just mad at all your pops  
Fat violent dykes!  
Put these bitches in the yard  
Let 'em run around and bark  
Get the sand out of your twat  
Bitch, am I right?
