I live in the street
I live in a box
I got me some keys
But don't got a door!
I eat Mickey D's
Right off of the floor
Outside of the store
In the parking lot
[x2]

So if you're white (Throw!)
Some change....
Because you're balling like bigshots
So if you're white (Throw!)
Some change....
Because I live in a bus stop
[x2]

I'm covered in lice
In lice
In lice
In lice

I live with my lice
My lice
My lice
My lice

Never mind cicada babies crawling on my face, I hate it (?)
8 or 9 or 10 I ate a couple on a plate today
Safe to say I blazed away my savings, I'm amazed, but hey
Throw me up some tonic and a drop of orange Gatorade
Baby I can take some baking soda and some cane and make a
Shake-and bake and take it to my lady for a little date
Book a (??) and pay in rocks and look us up what day it's 'bout to
Rain and maybe we can raid the basement of a baby's place
Living day to day is great, greater than some grated bacon
scraped up off the ground that's been around like since like '88
Ate a couple steaks today, scraped them off the road cuz they were
stuck inside the body of a dog that met its maker
They can take away my Lakers tickets, cuz they fake
But they can never take away my God forsaken salt and pepper shakers!
Let me get some change, you crackers gon' get paid
Sit around and talk about how the office should get AIDS(?)

Heads up, you better duck, swinging fists like I don't give a fuck
cuz I'm drunk, brown-baggin' is very necessary
So hairy people think I'm scary, sleeping in the cemetery
Cold as FUCK, cuz the shelter gave Ruck the last bunk
So I'm stuck eating garbage out the damn truck
ally cat for a snack seven days a week
Only gold plaque I got is on my teeth, buyin crack, cuz it's cheap
Hold the record for nastiest feet
Stuck up Mickey D's for a double cheese with a fake piece
Tried to be Bruce Lee n got a ride home from the police
real drunk, humpin' tree stumps to get a nut, and yea I got
Herpes, so what, lemme get a cigarette, cuz.
aint had a shower in 12 weeks, and that's late
I've been sleeping on 15 Mile and Orchard Lake
Girls be like "Words, you smell bad" I'm like
"BITCH I LIVE IN A FUCKING TRASH CAN!"
You know, I'm a soulja, drink a case of King Cobra
Might weeble and wobble, but won't fall down
Looking shitty like Detroit City from 6 Mile down
Reverse paparazzi, I watch the watchers watch me
Cuz I jump over shells like Mario and Luigi
BIATCH!
