My fellow Americans  
Today Osama bin Laden was found at a 7-Eleven in Pakistan, Ohio.  
I greeted him there myself with a birthday card as I haven't seen him in over ten years.  
I asked him to come to my daughter's birthday party.  
He declined, so I shot him in the face....Myself!  
We can all rest assured that Michelle will be giving me a blow job tonight..  
.with her mouth this time.

Obama Impression  
Am I really the first black man that has to convince people I killed somebody?
