

# Treading on Water

Rudimental

I'm treading over water just for you  
Don't care how deep it gets if you're true  
Just tell me something, show me a sign  
Cause you got me believing in things that I can't see

I don't really wanna wait forever darling, darling  
You take me to a place I've never been before, yeah  
Through every single step I'll follow you darling, darling  
As long as you give me what I'm looking for

I don't believe in magic but I know that you're real  
It's not something I can see but something I feel  
I don't believe in magic but I know that you're real  
It's not something I can see but something I feel, feel

I've been watching the way that you move  
Makes me feels like I need to prove  
Myself to you, this is a sign  
For my heart it's pouring out feelings that's hard to conceal

I don't really wanna wait forever darling, darling  
You take me to a place I've never been before, no  
Through every single step I'll follow you darling, darling  
As long as you give me what I'm looking for

I don't believe in magic but I know that you're real  
It's not something I can see but something I feel  
I don't believe in magic but I know that you're real  
It's not something I can see but something I feel, feel

Tell me, tell me, tell me, tell me baby, tell me where you are  
Tell me, tell me, tell me, tell me baby, tell me where you are  
Tell me, tell me, tell me, tell me baby, tell me where you are  
Tell me, tell me, tell me, tell me baby, tell me where you are

I don't believe in magic but I know that you're real  
It's not something I can see but something I feel  
I don't believe in magic but I know that you're real  
It's not something I can see but something I feel, feel
