

## Zero Again

Rudimentary Peni

The end of the line where zero's the sign  
A hole in the mind, deaf, dumb and blind  
Nothing to cry not even an eye  
Zero again the end of no end

A vacant space lacks a familiar face  
An unknown face finds a vacant space  
The memory killed by a hole soon filled  
Zero again there remain no remains

Death has begun and Jesus loves no-one, no-one
