(listen)

Babie Love ,

I think its time now

To share wit you these feelingz that im feeling now

Its been 3 yearz since I known you

Nuttin but happiness since I found you

Its been a long time coming and still going strong

Do good in bed we been holdin on

Within my soul that's been overdue

Ckuz my heartz been longin to ask you.....

Will you be mine alone this day

Will you be the sunshine in May

Will you be the starz in my night

Will you be the joy ,the joy in my life

Will you be my everything

Will you be the happy song I sing

Will you be the love I can't deny

Will you be the love the love of all time

Will you be mine...

When I think about how it all began

I was lookin for the one but somehow we became the friends

We couldn't see the space that lied ahead

Or that we would ever fall like we did

I pray today my fate was revealed

And now i know that destiny is real

Is it a sin but lovin you feelz good

I don't know but im askin you.....

Will you be mine alone this day

Will you be the sunshine in May

Will you be the starz in my night

Will you be the joy ,the joy in my life

Will you be my everything

Will you be the happy song I sing

Will you be the love I can't deny

Will you be the love,the love of all time

(Guitar Solo)
