

## Go or Go Ahead

Rufus Wainwright

Thank you for this bitter knowledge  
Guardian angels who left me stranded  
It was worth it, feeling abandoned  
Makes one hardened but what has happened to love  
You got me writing lyrics on postcards  
Then in the evening looking at the stars  
But the brightest of the planets is Mars  
Then what has happened to love  
So I will opt for the big white limo  
Vanity fairgrounds and rebel angels  
You can't be trusted with feathers so hollow  
Your heaven's inventions, steel eyed vampires of love  
You see over me, I'll never know  
What you have shown to other eyes  
Go or go ahead and surprise me  
Say you've lead the way to a mirage  
Go or go ahead and just try me  
Nowhere's now here smelling of junipers  
Fell of the hay bales, I'm over the rainbows  
But of Medusa kiss me and crucify  
This unholy notion of the mythic power of love  
Look in her eyes, look in her eyes  
Forget about the ones that are crying  
Look in her eyes, look in her eyes  
Forget about the ones that are crying  
Go or go ahead
