

Me and Liza

Rufus Wainwright

Me & liza, liza & I
Famous till the day that we day
Momma made it so I could try
Me and liza, liza and I

Daddy writing unanswered love letters
Why?
Come on liza, give me a try

Blowing on the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frame

Energizer, baby's on fire
No one's gonna hatchet you down
Terminator, thief of desire
No one's getting out of this town

Poking at the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frame

Me & liza, liza & I
Happy that we're now such good friends
Looking forward, forward to seeing a
Love like our, we cannot pretend

Chocking on the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frame

Me and liza, liza and I
Me and liza, liza and I
Me and liza, liza and I
Me and liza, liza and i
