

## Me and Liza

Rufus Wainwright

Me & liza, liza & I  
Famous till the day that we day  
Momma made it so I could try  
Me and liza, liza and I

Daddy writing unanswered love letters  
Why?  
Come on liza, give me a try

Blowing on the embers of fame  
Burning down the house of your name  
Everything can go up in flames  
As long as you have something to frame

Energizer, baby's on fire  
No one's gonna hatchet you down  
Terminator, thief of desire  
No one's getting out of this town

Poking at the embers of fame  
Burning down the house of your name  
Everything can go up in flames  
As long as you have something to frame

Me & liza, liza & I  
Happy that we're now such good friends  
Looking forward, forward to seeing a  
Love like our, we cannot pretend

Chocking on the embers of fame  
Burning down the house of your name  
Everything can go up in flames  
As long as you have something to frame

Me and liza, liza and I  
Me and liza, liza and I  
Me and liza, liza and I  
Me and liza, liza and i
