

# Vicious World

Rufus Wainwright

Thought that maybe we'd fall in love over the phone  
Thought that maybe I'd really love being alone  
Everybody but Heaven knows how I was wrong

Oh Lord, what have I done to myself?  
What have I done to myself?

In this vicious world  
Such a vicious world  
There isn't anything you can do  
In this vicious world

Soaking on the ice, makin' eyes all by myself  
Didn't realize you were so top of the shelf  
Just you want and see when you turn, turn 23

Oh Lord, what have I done to myself?  
What have I done to myself?

In this vicious world  
Such a vicious world  
There isn't anything you can do  
In this vicious world  
Such a vicious world  
There isn't anything you can do  
In this vicious world  
There isn't anything you can do  
In this vicious world
