

## I'm A Woman (I'm A Backbone)

Rufus

I am a species born to die  
Understanding this, I hardly cry  
Growin' up and out, I'll marry you  
I'll bear your kids and be your mama too cause

Cause I'm a woman and I'm a backbone  
I'm a woman and I'm a backbone

Everybody needs one

Goin' on I live from day to day

Give a little heart for my life to pay  
Smile and then I need to cry  
Never knowin' if I lie (or die)

Understand you will not see me down  
Both of my feet are on the ground  
Come lay your head upon my chest  
I'll love you hard, I'll give my best
