

# Ooh I Like Your Loving

Rufus

I refuse to be amused  
That's sumthin' that ain't right  
I declare I'm well aware  
I felt the angel's vibes

I can hear ya callin'  
No I'm not stallin'  
I'm justa doin' sumthin' else  
When I'm with you  
(I'm really with you)  
But right now I'm by myself  
And I...

I can feel this fire  
Such a strange desire  
As strong as life itself  
I, I can feel this fire  
Such a strange desire  
And I don't want nothin' else

But ooh I like your lovin'

Talk so much I'm in a flux  
Ya just cant make up your mind  
Executin' dreams ain't easy  
Justa wastin' precious time  
Talk is cheap your words are weak  
I dont want you wastin' mine

I hear ya callin'  
No I'm not stallin'  
I'm justa doin' sumthin' else  
When we're together  
(sho 'nuff together)  
Right now I'm by myself  
And I...
