

Ooh I Like Your Loving

Rufus

I refuse to be amused
That's sumthin' that ain't right
I declare I'm well aware
I felt the angel's vibes

I can hear ya callin'
No I'm not stallin'
I'm justa doin' sumthin' else
When I'm with you
(I'm really with you)
But right now I'm by myself
And I...

I can feel this fire
Such a strange desire
As strong as life itself
I, I can feel this fire
Such a strange desire
And I don't want nothin' else

But ooh I like your lovin'

Talk so much I'm in a flux
Ya just cant make up your mind
Executin' dreams ain't easy
Justa wastin' precious time
Talk is cheap your words are weak
I dont want you wastin' mine

I hear ya callin'
No I'm not stallin'
I'm justa doin' sumthin' else
When we're together
(sho 'nuff together)
Right now I'm by myself
And I...
