## **Ooh I Like Your Loving**

I refuse to be amused That's sumthin' that ain't right I declare I'm well aware I felt the angel's vibes

I can hear ya callin' No I'm not stallin' I'm justa doin' sumthin' else When I'm with you (I'm really with you) But right now I'm by myself And I...

I can feel this fire Such a strange desire As strong as life itself I, I can feel this fire Such a strange desire And I don't want nothin' else

But ooh I like your lovin'

Talk so much I'm in a flux Ya just cant make up your mind Executin' dreams ain't easy Justa wastin' precious time Talk is cheap your words are weak I dont want you wastin' mine

I hear ya callin' No I'm not stallin' I'm justa doin' sumthin' else When we're together (sho 'nuff together) Right now I'm by myself And I... Rufus
