

Right Is Right

Rufus

Running to the fight
Stealing in the night
Like a dog to the bite
Everything in sight

Give me love, you say
There's a price you gotta pay
Momma's life you cannot play
Make things right you need to be saying

Right is right
Wrong is wrong
Right is right
Wrong is wrong

Fist comes down
Blood on the ground
Momma's cryin'
"Lord, have mercy!"

Mercy's hard to find
It's just a state of mind
Drop the slack, get out the way
We don't have another day

Right is right
Wrong is wrong
Right is right
Wrong is wrong

Said he's comin' by five, my friend
And I desire to live again
If you hear me, let me know
Woh woh woh woh, no, yeah

Running to the fight
Stealin' in the night
A dog to bite
Everything in sight

Give me love, you say
There's a price you gotta pay
Momma's life you cannot play
Make things right you need to say

Right is right
Wrong is wrong
Right is right
(I mean it, I)
Wrong is wrong
(Sing the song)

Said he's comin' by five, my friend
And I desire to live again
If you hear me, let me know
The world is full of woe, my God, God, yeah

Right is right
Wrong is wrong
Right is right
Wrong is wrong

Right is right
Wrong is wrong
Right is right
Wrong is wrong
