

Walk The Rockway

Rufus

When your groove comes down on you
You can do what you wanna do
When your groove comes down on yo
You can do what you wanna do

There's a lot of dancin' going round
You tried them all and put some down
Everybody's got their own way of movin'
It don't matter as long as we're groovin'

Walk on
Walk the rockway
Walk on
Walk the rockway
Walk on
Walk the rockway
Walk on
Walk the rockway

Can you move it around and let me see it?
Just walk over here and I'll get down with ya
Keep on now, let's keep groovin'
You better come on and get down to it

It's a dance, if you wanna dance
It's a dance, if you wanna dance
Keep on movin' around, let me see it
Just walk over here and I'll get down with ya

Keep puttin' it out, let's keep groovin'
Everybody come on get down do it
It's a dance, if you wanna dance

Walk on
The rockway
