

## Your Smile

Rufus

Your smile ? so very happy  
You look familiar  
Reminds me of somethin' good  
I once felt

Thinking something mellow  
I dreamed of someone like you  
Thinking something mellow  
I dreamed of someone like you

Good times, good conversation  
I look at myself  
Maintained by the completion  
Hm? of being stoned

I wanna thank you for being what I needed  
I dreamed of someone like you  
Thank you for being what I needed  
I dreamed of someone like you

I dreamed of someone like you (repeat to end)
