

Come Saturday Morning

Rumer

Come Saturday morning
I'm going away with my friend
We'll Saturday-spend to the end of the day
Just I and my friend
We'll travel for miles in our Saturday smiles
And then we'll move on
But we'll remember long after Saturday's gone

Come Saturday morning
We'll head for the east or the west
In Saturday best, we will rest on the way
Just I and my friend
But everyone knows how a Saturday goes
And so we move on
But we'll remember long after Saturday's gone

Just I and my friend
We'll travel for miles in our Saturday smiles
And then we'll move on
But we'll remember long after Saturday's gone
