Long Long Day

It's been a long, long day I got some run-down shoes I got no place to stay But any old place will be ok 'Cause it's been a long, long day

Goodnight, my love

I sure been on this road For nearly fourteen years Can't say my name's well known You don't see my face in Rolling Stone But I sure been on this road

Goodnight, my love

When I saw him standing there, I said "Hey, there's a guy who needs a laugh" That's what I said to myself What the hell? We're both alone And now I'm standing here in the corner Shooting to kill

It's been a long, long day I sure could use a friend Don't know what else to say I hate to abuse an old cliche But it's been a long, long day It's been a long, long day
