

Set The Dial

Run Kid Run

Static fights against the reel
Real is all I want to feel
This feeling's got me off the ground
Transmitting love around
When everything's a little out of place
Make your move to escape
Set the dial and make it straight
A frequency we will create
So play a song of love the song we want to hear
We are the radio unto the world that's lost control
Let's turn it up so they all know
The song that's playing on the
We are the radio unto the world that's lost control
Let's turn it up so they all know
The song that's playing on the radio
Love is a movement but our movement's slow
The reception on our radio
Is breaking in and out of flow
The sound it can not be concealed
Concealed is how we seem to feel
Let's break these airwaves push it through
Free the signal make a move
So play a song of love the song we want to hear
We are the radio unto the world that's lost control
Let's turn it up so they all know
The song that's playing on the
We are the radio unto the world that's lost control
Let's turn it up so they all know
The song that's playing
Radio yeah take control to the tune of what we know
Let sound waves show, sound waves show
At the top of my lungs I'm gonna tell everyone
This is the sound that sole surrounds
So turn it up I'm gonna dare to share
Open my mouth and declare
This is the sound so play it loud
Into the airwaves now
At the top of my lungs I'm gonna tell everyone
This is the sound that sole surrounds
This is the sound that sole surrounds
So turn it up
