

## Curse Of The Dark Rune

Runemagick

what dwells in the ancient spell  
the truth in the darkness beyond  
signs carved in millennium stone  
secret spawn of the shadow

oh, i can feel the power  
curse of the dark rune

the past speaks thru the signs  
whispering from the forgotten  
the triumphant flame will rise  
as the weak now die

oh, i can feel the power  
curse of the dark rune

curse == let the wrath free  
curse == the curse of the dark rune

curse == let the wrath free  
curse == the curse of the dark rune
