

# She's My Kinda Girl

Runner Runner

She's the kinda girl that you wanna come home to  
The kinda girl that you never wanna leave  
She's the kinda girl that she makes me wanna give her everything  
All right!

She's the kinda girl that you wanna wake up to  
The kinda girl that you always wanna please  
She's the kinda girl that she makes me wanna be her everything (everything)

She's the kinda girl your mom is gonna love  
She's the kinda girl you've been dreaming of  
She's the kinda girl  
God, I wanna give her everything  
Cause all I want is you  
(All I want is you)

It goes oh oh oh and baby we're rolling  
All night long we're keeping it going  
Me and you your heart beats next to mine  
It goes oh oh oh the stereo's pumping  
Hand in hand my heart keeps on thumping  
Just stay close our hearts  
They're beating time  
All right

She's the kinda girl that you love to have fun with  
The kinda girl that you know it's meant to be  
She's the kinda girl that I wanna spend my life with honestly (honestly)

She's the kinda girl your friends are gonna love  
She's the kinda girl that I've been dreaming of  
She's the kinda girl that I wanna spend my life with  
Can't you see now can't you see  
That all I want is you

It goes oh oh oh and baby we're rolling  
All night long we're keeping it going  
Me and you your heart beats next to mine  
It goes oh oh oh the stereo's pumping  
Hand in hand my heart keeps on thumping  
Just stay close our hearts  
They're beating time  
All right

Whoa  
I like the way you make me  
Whoa  
I like the way you take me  
Whoa  
I like the way you make me  
Whoa

It goes oh oh oh and baby we're rolling  
All night long we're keeping it going  
Me and you your heart beats next to mine  
It goes oh oh oh the stereo's pumping  
Hand in hand my heart keeps on thumping

Just stay close our hearts  
They're beating time  
You're my kinda girl

It goes oh oh oh and baby we're rolling  
All night long we're keeping it going  
Me and you your heart beats next to mine  
She's my kind, my kinda girl  
It goes oh oh oh the stereo's pumping  
Hand in hand my heart keeps on thumping  
Just stay close our hearts  
They're beating time  
She's my kinda girl

Heart's beating time  
She's my kinda girl
