

## Death or Glory

Running Wild

Reach for the rifle, go for the gun  
Saddle the beast, huge load to heave  
Unstoppa bull race now begun  
Cry for the slaughter who would believe  
Hunting the red one, blood on their breath  
Screaming horizons for clues of the kill  
Blowing their own horn, stinking of death  
Tally ho  
Touch of the tail but what to expect  
Dog don't believe why to die for the queen  
Lies to the allies wrath with respect  
Blood hounds of Hades heeding the scream  
Pounding of hooves they cannot control  
Mud flying high as shit hits the fan  
Break for the border, the thrill of it all  
Tally ho  
Clawing the reigns of a world gone mad  
Treason, breaking the chains  
Death or glory, pride or pain  
Breaking down the rules of greed and gain  
Hunter's hounds in the hands of the hunted  
Death or glory  
Clawing the reigns of a world gone mad  
Treason, breaking the chains  
Death or glory, pride or pain  
Breaking down the rules of greed and gain  
Hunter's hounds in the hands of the hunted  
Death or glory
