War in the Gutter

Running Wild

Warriors of the street Wanna beat their enemies The shark's broke the truce Tonight's the night, who'll win who'll lose

This is not your turf Unarmed you just die first Ruthless they fight their fight To defend their walls feeds their pride

Senseless massacre tonight Kid kills kid in this riot The rulers don't want to care Deaf and blind hiding in their lair

War in the gutter, fight!

Watch out!

Gunshell, shotgun You have to fight or run The kids fight tonight Who knows who's wrong, who's right

Shining blade, a yell Running blood, a kid fell He's so surprised He dies in the gutter another wasted life

Senseless massacre tonight Kid kills kid in this riot The rulers don't want to care Deaf and blind hiding in their lair

War in the gutter, fight!
