

## Wild Animal

Running Wild

You say I'm boisterous and evil  
There's a demon in my eyes  
You say I'm praying to the dark prince  
'The Lord of the Flies'  
Try hard to defame me,  
'Cos your power doesn't work on me  
Your self-created blindness  
Turns your heart to stone before it ever starts to feel  
The youth is what I'm living  
The wildness what I pray  
I don't need no religion  
To lead me on my way  
I don't need politicians  
To tell me wrong or right  
Cos everything is transient  
And the treasury of life's so rich and it waits for me  
Like a wild animal  
I follow my heart like it beats  
Like a wild animal  
The mighty urge to be free to live the life I want  
Like a wild animal  
Wildness leads my way  
Like a wild animal  
As long as I follow my nature, I'll never go astray  
Living  
Follow your heart on its way  
Dying  
Deny your heart and you'll pay  
The church is praying moral  
They say this piece of gum it kills  
They build up funeral pyres  
They burn people for their thrills  
They falsified the Bible  
For the power and the gain  
I never fawn on liars  
The way they're gonna treat me if they wanna stab my back  
Like a wild animal  
I follow my heart like it beats  
Like a wild animal  
The mighty urge to be free to live the life I want  
Like a wild animal  
Wildness leads my way  
Like a wild animal  
As long as I follow my nature, I'll never go astray  
I'm a wild animal
