

# Lifeline

Runrig

Hear the call of the wind  
Feel the dying answer  
Steel on the mind  
Cold in the veins  
Torture and trial  
Sunrise over the limits  
Conquest and fire  
I'm alive  
I'm alive  
I'm alive on a lifeline  
I'm alive  
I'm alive  
Spirits provide  
I'm alive  
I'm alive  
I'm alive on a lifeline  
Come to the mountain and climb  
You cry in the wilds  
Hope on the ledges  
Your heart's in the stars  
Night's in your eyes  
The rockface inclines  
hold her, leave her  
Rise to glory  
Over mankind  
(Chorus)  
(Chorus)
