

Click Clack (Make Dat Money)

RuPaul

Gonna walk right through that door, High heels on a hardwood floor

They all coming back for more, it's a party tonight (hey, hey)

Get it up and do it right this time, never gonna stop till the beat is mine

Come 'round if you're so inclined, it's a party tonight

Where my girls go, gon' be a good show

Hey girl, you go gon' - gon' - gon' make dat money

Body's insane, now go make it rain

Hey girl, you go gon' - gon' - gon' make dat money

Where my girls at? Make your heels clap

Where my girls at? Make your heels clap

Click clack - click clack uh! Everybody, everybody do you hear that

Click clack - click clack uh! That's sound of a slingback

Lemme get another track DJ, all the brothers wanna eat this cake

Lemme show you how to instigate a party tonight

Lemme hear your Jimmy Choo's! Louboutin, what you gonna do?

My Manolo Blahnik's gonna party tonight

Peanut butter head, kiss my grits

Yo Moma's in the kitchen but her oven on the fritz

Yo Daddy's in jail raising hell

And yo sister's on the corner selling something for sale

Something for sale, something for sale

Yo sister's on the corner something something for sale
