

Devil Made Me Do It

RuPaul

Music, turn it up a little louder
Feel black magic from the waist down
Can't be wrong, this kind of sin feels so right to me

It's alright, touch my body it's on fire
Hot as hell or is it heaven
All night long, we're gonna burn for eternity
{They say}

why'd you do it
Devil made me do it (burning up)
Why'd you do it
Devil made me do this dance
(2x)

Stop now, hold this moment in a window
You and I, we never follow
We take lead from our desire to be free

why'd you do it
Devil made me do it (burning up)
Why'd you do it
Devil made me do this dance
(2x)

Pray unto the holy ghost to save your soul
Pray, can you save my soul
Somebody save my soul
Somebody please come, please come save me (2x)

Oh uh oooh, Oooh Oooh, Ooh uh oooh, I'm Burnin up
Ahhh, ehheh, yeeeh,

why'd you do it
Devil made me do it (burning up)
Why'd you do it
Devil made me do this dance
(3x)
