

Die Tomorrow

RuPaul

If I should die tomorrow
Let me live tonight
If I should die tomorrow
I'll dance, dance for life

Tonight tonight tonight
Dance for life
Tonight tonight tonight
Live tonight
Tonight tonight tonight
Dance for life
Tonight tonight tonight
Live tonight

Die tomorrow, live tonight [x4]
Live tonight [x7]
Live live live live
Night night night night

Tonight tonight tonight
Dance for life
Tonight tonight tonight
Live tonight
Let me live my life [x8]
Live tonight [x7]
Live live live live
Night night night night

If I should die tomorrow
Then I'll dance
And I'll leave
And I'll dance
And I'll leave
And I'll
Woooh
And I'll dance
And I'll leave
And I'll
Hey, woooh

Let me tell ya something
If I have but one life to live
Let me live it on the dance floor
I love
I live
I love
The music the music the music
