

## Live Forever

RuPaul

Waking up to another day older  
I dream about immortality  
Tell myself that it's mind over matter  
That love will last for eternity

With all my heart and all my soul  
I know love will save us  
From the lies designed to feed the hunger  
While the cities turn to dust  
You and I better stick together when  
All is said and done

If were gonna live forever and ever, forever  
We wanna live forever and ever, forever

They send us all on a doomsday mission  
But you and I have a better plan  
To take a sip of life's sweet nectar  
The kiss of death to the mortal man

Time will slip away, but love will save the day
