## **Sister Brother**

Give your sister what she needs now Now, now, now Now, now, now Ah, ah, ah

Some need love and some need truth Some need time to heal the wounds (So give your brother what he needs now) Some need love and some need truth Some need time to heal the wounds (So give your sister what she needs now)

Whenever you need me You know I'll come running Whenever you need me I'll be around Whenever you want me You know I'll come running Whenever you need me I'll be around

My brother! My sister! My brother! My sister! Brother! Sister! Brother! Sister! Brother! Sister!

So give your sister what she needs now Now, now, now Now, now, now Ah, ah, ah, ah, ah, ah

Some need love and some need truth Some need time to heal the wounds (So give your brother what he needs now) Some need love and some need truth Some need time to heal the wounds (So give your sister what she needs now)

My brother! My sister! My brother! (So give your sister what she needs now!)
