

## Flaunt It

Rupee

If you've got it  
Then flaunt it  
If you've got it  
Show it off show the world

You've got it  
Then flaunt it  
If you've got it  
Show it off show the world

I don't wanna sound fast or rude  
But the style that you exude  
It makes me want to get close to you  
So go ahead woman and do your thing  
I love the way that your moving  
Girl go ahead i can't blame you

Show dem how you turn  
Show dem how you twist  
Make de dance floor burn  
Woman i insist  
Show dem how you wine  
Show dem how you dance  
Put dem in a trance

Your sexiness and beauty  
Should be made for the world to see  
So come pretty girl expose it  
Let others be as fortunate as me  
Cause i'm sure they will agree  
You've got it let the whole world know it
