

Come Find Me

Rush Of Fools

In a world that can't seem to find what it needs
Give me faith in a place that my eyes have not seen

Whooooaaa, whoooooaaa, whoooooaaa [x2]

Walk in to the room of my heart
Take hold of the pieces that are
So scattered like sheep gone astray
And if you ever leave the ninety-nine

Come find me
Come shine Your light in my dark
Come find me
Put consuming fire in my heart
In a world that can't seem to find what it needs
Give me faith in a place that my eyes have not seen

Whooooaaa, whoooooaaa, whoooooaaa

Fallen since the day I began
Learning how to reach for Your hand
You're calling this sheep gone astray
And I pray You'll leave the ninety-nine

Come find me
Come shine Your light in my dark
Come find me
Put consuming fire in my heart
In a world that can't seem to find what it needs
Give me faith in a place that my eyes have not seen

Come find me
Come find me
In a world that can't seem to find what it needs
Give me faith in a place that my eyes just can't

Whooooaaa, whoooooaaa, whoooooaaa [x2]
