

# Fame

## Rush Of Fools

I have tried to follow, I have tried to lead  
I have failed at everything  
I have been the culprit to my selfish needs, made everything but You my King

I couldn't be any less worthy  
To spend one day much less forever with You

[Chorus 1:]  
I lift my hands just as I am, I'm letting go of false control  
I lift my voice, I have no choice  
My life is Yours, use me for Your fame, Your fame

I have not seen heaven, I haven't seen Your face  
But I've seen Your Spirit move  
And Jesus it's amazing the evidence of grace standing all around this room

I'm merely a product of mercy  
The target and victim of Your perfect love

[Chorus 2:]  
I lift my hands just as I am, I'm letting go of false control  
I lift my voice, I have no choice  
My life is Yours, use me for Your fame, spreading like a flame

Let every breath proclaim glory to Your name  
You can't be contained and I'll never be the same

[Chorus 1]  
[repeat twice]
