

## For Those

### Rush Of Fools

For those who are worn with nothing to bring but empty hands  
For those who are weak, for those who can't find the strength to  
stand

[Chorus:]

Lord we know it's for those You've come  
Lord we know it's for those You've given Your Son  
Lord we know it's for those who can't come on their own  
That You've come, You have come for those

For those who are poor  
For those who are broken, those who mourn  
For those bound by chains with no way to freedom but for grace  
But for grace

[Chorus]

If You are for us, who can be against us  
Who can be against Your own  
If You are with us who can separate us  
Who can separate Your own

[Chorus]
