Holy One

Rush Of Fools

Face to the ground I'm not proud Of all you must see When you look at me I tremble I thirst As you wash the dirt The dirt from my feet And I see my need for thee

[Chorus:] You lift me up Holy One, Holy One When others come Your enough, your enough You fill me up With your love, with your love To you I rhyme Holy One, Holy One

All of the noise fades away Like all of the fear When your voice I hear Your beckoning me To come and just be A child at your feet Seeing my need for thee

[Chorus]

Your enough to satisfy When the the world has left me only dry Enough to save my life When the world has left me here to die

[Chorus]
