

# Never Far Away

Rush Of Fools

Another mile down the road  
Another mile from our home  
At times I feel quite alone  
Cause you know, cause you know all there is to know  
So hold my heart, as it's breaking apart  
And I'll hold yours in mine

[CHORUS:]

Oh oh oh oh, you're never far away  
Oh, oh, oh, oh, you're never far away  
Oh, oh, oh, oh, you're never far away  
From me

I close my eyes and try to see  
See you right in front of me  
As if you're only in my dreams  
But you are everywhere and in between  
You're the moonlight in the dark of my night  
And you shine bright so I can see

[CHORUS]

You catch my tears as they fall  
It's like I never left at all  
And all the world feels so small  
Cause right now we are high above it all  
So hold me close, don't ever let me go  
Tell me what I already know

[CHORUS x2]
