

Only Thing That's Beautiful

Rush Of Fools

Just like the ocean waves
You crash on me
Just like a tidal wave
You ruin me
Just like a hurricane
You devastate everything that needs to change

[CHORUS:]

You are the only thing that's beautiful in me
Beautiful in me
You are the only thing that's beautiful in me
Beautiful in me

Just like a mountain peak
You lift me up
Just like a desert stream
You fill my cup
And like a heart that beats
You are the blood that covers me
You cover me

[CHORUS]

And all I can say is thank you, thank you
And all I can say is thank you, Lord thank you
And all I can say is thank you, thank you

[CHORUS]
