

We Once Were

Rush Of Fools

Hiding will always be the easy way
Just to stay
Safer will never really make a change anyway
Silence is living underneath the pain
Of reality
Leaving nothing but a shade of gray
That will waste away
No way, no way
We can't stay the...

Same as we once were
Living in the blur
Looking backwards
We can see that we'll never
Be who we once were
Be who we once were

Sometimes others want to think that we
Are their heroes
Closer you can hear a broken tune
No way, no way
We can't stay the...

Same as we once were
Living in the blur
Looking backwards
We can see that we'll never
Be who we once were

Now we feel our hearts beating out
We feel our lungs breathing
Now we feel our hearts
And we're never going back
Never going back
No we're never going back to the

Same as we once were
Living in the blur
Looking backwards
We can see that we'll never
Be who we once were
Be who we once were
Who we once were
Who we once were
