

# You Are Glory

Rush Of Fools

You are the sunrise in the east  
You are the ocean at our feet  
You are the bright and shining star  
You are the love that's in our heart  
You are glory, glory

[CHORUS:]  
And all fall  
All fall  
All fall short of You  
And all fall  
All fall  
All fall short of You  
Our King

You are the thunder in the sky  
You are the shelter through the night  
You are the wind that shakes the trees  
You are the One that's shaken me  
You are glory, glory

[CHORUS]

Solo deo gloria, gloria  
Solo deo gloria, gloria

[CHORUS]

You are glory, glory
