## Neurotica

You just don't get it What it is...well, you're not really sure You move like you're walking on this ice Talking like you're still insecure

Time is a spiral, space is a curve I know you get dizzy, but try not to lose your nerve Life is a diamond you turn into dust Waiting for rescue, and I know you just Don't get it You just don't get it

Neurotica...Exotica It's just Erotica...Hypnotic It's just Psychotic...Chaotic It's just Exotica...Neurotica

You just don't get it Baby, don't you ask yourself why? If you don't like the answer, forget it You know I hate to see you cry

Fortune is random... Fate shoots from the hip I know you get crazy, but try not to lose your grip Life is a diamond you turn into dust Looking for trust, and I know that you just Don't get it You just don't get it

Snap!
Hide in your shell, let the world go to hell
It's like Russian roulette to you
Snap!
Sweat running cold, you can't face growing old
It's a personal threat to you
Snap!
The world is a cage for your impotent rage
But don't let it get to you
Snap!
