I've got twelve disciples and a Buddha smile The Garden of Allah, Viking Valhalla A miracle once in a while

I've got a pantheon of animals in a pagan soul Vishnu and Gaea Aztec and Maya Dance around my totem pole

I believe in what I see
I believe in what I hear
I believe that what I'm feeling
Changes how the world appears

Angels and demons dancing in my head Lunatics and monsters underneath my bed Media messiahs preying on my fears Pop culture prophets playing in my ears

I've got celestial mechanics To synchronize my stars Seasonal migrations daily variations World of the unlikely and bizarre

I've got idols and icons, unspoken holy vows Thoughts to keep well-hidden Sacred and forbidden Free to browse among the holy cows

That's why I believe

Angels and demons inside of me Saviors and Satan's all around me

Sweet chariot, swing low, coming for me
