

1. Unstable condition,
A symptom of life,
Of mental and environmental change.
Atmospheric disturbance,
The feverish flux
Of human interface and interchange.

X: The impulse is pure;
Sometimes our circuits get shorted
By external interference.
Signals get crossed
And the balance distorted
By internal incoherence.

R1: A tired mind become a shape shifter,
Everybody need a mood lifter,
Everybody need reverse polarity.
Everybody got mixed feelings
About the function and the form.
Everybody got to elevate from the norm.

2. An ounce of perception,
A pound of obscure.
Process information at half speed.
Pause, rewind, replay,
Warm memory chip,
Random sample, hold the one you need.

X2: Leave out the fiction,
The fact is, this friction
Will only be won by persistence.
Leave out conditions,
Courageous convictions
Will drag the dream into existence.

R2: A tired mind become a shape shifter,
Everybody need a soft filter,
Everybody need reverse polarity.
Everybody got mixed feelings
About the function and the form.
Everybody got to elevate from the norm...

Everybody got mixed feelings
Everybody got mixed feelings
Everybody got to elevate from the norm
