

Wish Them Well

Rush

All that you can do is wish them well
All that you can do is wish them well [x2]

Spirits turned bitter by the poison of envy
Always angry and dissatisfied
Even the lost ones, the frightened and mean ones
Even the ones with a devil inside

Thank your stars you're not that way
Turn your back and walk away
Don't even pause and ask them why
Turn around and say goodbye

All that you can do is wish them well
All that you can do is wish them well

People who judge without a measure of mercy
All the victims who will never learn
Even the lost ones, you can only give up on
Even the ones who make you burn

Thank your stars you're not that way
Turn your back and walk away

Don't even pause and ask them why
Turn around and say goodbye [x2]

The ones who've done you wrong
The ones who pretended to be so strong
The grudges you've held for so long
It's not worth singing that same sad song [x2]

Thank your stars you're not that way
Turn your back and walk away
Don't even pause and ask them why
Turn around and say goodbye [x2]

All that you can do is wish them well
All that you can do is wish them well
All that you can do is wish them well

Even though you're going through hell
Just keep on going
Let the demons dwell

Just wish them well
