Wish Them Well

All that you can do is wish them well All that you can do is wish them well [x2]

Spirits turned bitter by the poison of envy Always angry and dissatisfied Even the lost ones, the frightened and mean ones Even the ones with a devil inside

Thank your stars you're not that way Turn your back and walk away Don't even pause and ask them why Turn around and say goodbye

All that you can do is wish them well All that you can do is wish them well

People who judge without a measure of mercy All the victims who will never learn Even the lost ones, you can only give up on Even the ones who make you burn

Thank your stars you're not that way Turn your back and walk away

Don't even pause and ask them why Turn around and say goodbye [x2]

The ones who've done you wrong The ones who pretended to be so strong The grudges you've held for so long It's not worth singing that same sad song [x2]

Thank your stars you're not that way Turn your back and walk away Don't even pause and ask them why Turn around and say goodbye [x2]

All that you can do is wish them well All that you can do is wish them well All that you can do is wish them well

Even though you're going through hell Just keep on going Let the demons dwell

Just wish them well
