

Cockney Thug

Rusko

When your spirit is floating down that tunnel, towards the light

You know what's behind the light?

It's not God, it's me!

And I'm gonna kick your poncey soul

All the way back down the tunnel 'till you choke on your own fucked up ribs!

Now... WAKE THE FUCK UP!

Fuck! (8x)

I haven't got a clue what's going on.

Fuck! (6x)
