

# Heaven Never Makes us Fall

Ruslana

She's a cute girl  
Made of plastic,  
She is sweet,  
But so sarcastic,  
She was born between the times  
In the land of hate and lies.

Bridge:

She knows she has to be strong, and  
Everyone is on his own, and  
What does it take to move on, and  
What does it cost to be wrong, and  
Where does she still wants to go, and  
Sometimes she just doesn't know that.

Refrén:

But heaven never makes us fall,  
Cause heaven needs to love us all.

2. Sloka:

She's a smart girl,  
Ah -ah,  
Her soul is fragile.  
She saw it all,  
She is fighter,  
She knows her way so well.

Refrén:

But heaven never makes us fall,  
Cause heaven needs to love us all,  
And heaven never lost its trust,  
Cause heaven cares about us.
