

Braver Soldier

Russian Red

When a woman loves a man
all she does is shout
When a woman loves a man
all she is, is loud

Oh won't she, oh won't she, oh won't she
Be braver and solid and stranger to me?

When a woman loves a man there's no lousy crowd
When a woman loves a man, well there's no hiding proud.

Oh won't she, oh won't she, oh won't she
Be braver and solid and stranger to him?

are they going to die? well we're gonna to die
Some day and so we'll be standing up and holding hands
Swearing and dancing in shiny, purple, shiny fields
And so it is...
I ain't going to die 'cause I've changed my mind.
