

Mi Cancion 7

Russian Red

I have cried cause you were mine
Nobody says the same
Boy you are my precious one
And hope is what it takes
Cause this is the love we share
Oh, this is the love we share
Cause this is the love we share
Oh, this is the love we share

I am cold if you are cold
I'm lost if you are not found
Boy you are my peace at light
And hope is what we own
Cause this is the love we share
Oh, this is the love we share
Cause this is the love we share
Oh, this is the love we share

Cause this is the love we share
Oh, this is the love we share
Cause this is the love we share
Oh, this is the love we share

The love we share
Oh, this is the love we share
Cause this is the love we share
Oh, this is the love we share
